TO THE PARENT

Make the most of your child's first painting experiences with Golden® Paint with Water books. Your child will enjoy painting bright, colorful pictures with just a brush and water.

Colors are non-toxic, and pages are perforated for easy removal.

HOW TO USE:

- Prepare a flat work surface covered with newspaper.
- Provide an old shirt or smock, a container of water, and a paintbrush.
- Select a picture and carefully tear it at perforation. (Pictures are printed on one side for best painted results.)
- Apply a small amount of water to patterned areas, keeping within black outline. Rinse brush before going from one color to another.
- Allow picture to lie flat to dry.

Look for other Golden Paint with Water books featuring popular characters and themes. Your child will also enjoy Golden Sticker Fun® books, Paint 'n' Marker™ books, and Color/Activity books. These and other Golden products are available at your favorite stores.
